Dear Townsend, Jeremiah and Jacob,

On behalf of the Board of Education, I congratulate you on your prize-winning film. Kudos on producing a professional looking and sounding film. Clearly your research and effort to home in on the affordable housing issue help to secure accolades from CSPAN in the Student Cam challenge. The film is an important reminder of an issue that affects a large part of our population nationwide.

Congratulations on representing yourselves, Poly High School, and the Long Beach Unified School District so well.
